Sometimes, dense is good.
Especially when space is tight.

Good design can be practical too.

High density stackability - 50 on dolly, 20 on floor. 7 techno-polymer seat colors, 8 frame colors. Optional seat pad.

Artesia

BY FORSIX DESIGN

2190 Artesia Sled Base Chair

Dimensions:

21.25" W x 20.00" D x 32.25" H / Seat Ht 17.75"

Frame:

Wire steel frame in polished chrome, or painted in 00 white, 10 black, 12 brick, 14 gray, 35 olive drab, 55 mineral gray, 98 pale blue. Chairs may be ordered with seats and frame colors matching, or with contrasting seats and frames. Custom colors available for large projects. Seat pan for stacking is standard. Black frames have black glides, all other frames have neutral glides. Ganging glides are an available upgrade. See pricing section.

Seat Shell:

Technopolymer shell in 00 white, 10 black, 12 brick, 14 gray, 35 olive drab, 55 mineral gray, 98 pale blue.

Technopolymer is an injection molded polymer - durable, impact resistant, non-toxic, color-core material. Highly resistant to abrasion, heat, and structural stress. Anti-static, anti-UV, fully recyclable, and made from post consumption materials.

Stackability:

Stackable 20 pcs on ground, 50 on dolly. 82.75" total stacked height on dolly. Dolly has lockable, heavy duty casters and a handle for easy transport.

Upholstery Options:

standard width / narrow width

Artesia is available with an Upholstered Seat (US). The seat may be specified standard width or narrow width. Please choose the narrow option if you intend to stack chairs with upholstered seats.

Fabric Requirements:

Seat upholstery: 0.50 yards (9 sq. ft. leather) - for 1 or 2 chairs

Environmental Considerations:

Artesia is produced in compliance with ISO 9001 and 14001 standards. At Gordon we strive to incorporate best practices with regard to environmental sustainability. We encourage clients to reference our sustainability overview at: www.gordonisgood.com/sustainability.
