Cluster. Just when we need it the most.

*Isn't it time to gather, congregate,
assemble ... and have some fun?*

Create your own cluster of color, shape, and style. Success can be irreverent. So can your chairs.

Cluster

Overview:

Cluster is a configurable seating solution that allows you to coordinate upholstery options, back elements and bases into a wide range of configurations.

Seat and Back:

Fully upholstered seat and back elements with molded foam over steel substructure. Choose from a range of standard fabrics, or provide C.O.M. for your own distinctive statement.

Back choices:

Single armless, single arm, double armless, double with arm, triple armless, triple with arm, or even double or triple arm elements for an enclosed version. See line drawing references below for ideas. We also will gladly quote custom combinations of back elements (ie multiple arm elements or different orders of stacking for back elements - arm at bottom, small backs on top, etc).

Mix and match upholstery materials for a playful and sophisticated sculptural solution that inspires creativity and differentiation in your space plan.

Fabric Requirements:

seat only:	.75 yds per chair	14 sq. ft. leather
seat and 1 sm back element:	1.00 yd per chair	18 sq. ft. leather
seat and 2 sm back elements:	1.00 yd per chair	18 sq. ft. leather
seat and 3 sm back elements:	1.25 yd per chair	22 sq. ft. leather
seat and 1 sm back and 1 arm element:	1.25 yds per chair	22 sq. ft. leather
seat and 2 sm back and 1 arm element:	1.50 yds per chair	27 sq. ft. leather

Environmental Considerations:

Cluster is produced in compliance with ISO 9001 and 14001 standards, is recyclable after use.

At Gordon we strive to incorporate best practices with regard to environmental sustainability. We encourage clients to reference our sustainability overview at: www.gordonisgood.com/sustainability.

Cluster 6040-3P - 4 painted legs, 3 piece back, armless
