9033	2249	2771

* please see OFC options on the following pages

In addition to our standard fabrics, Gordon offers Synergy in three original factory coverings (OFC). Selecting from this range of options typically saves time and reduces cost, as Synergy is not upholstered by our team in the United States, and these selections are standard in our factory in Italy.

Camira XTreme:

Camira XTreme - a modern crepe weave fabric made from 100% post-consumer recycled polyester, diverting waste from landfill and saving virgin raw materials. Its stretch properties, coupled with high flame retardancy, durability and non-pilling properties make Xtreme an ever popular fabric for task seating.

Synthetic leather - ecco pelle:

Leather - genuine full grain leather:
